

## Handlebar End Inserts Installation

FIG 1

FIG 2

FIG 3

**1** Using an 8mm socket or t-handle, loosen the throttle and slide it off of the end of the handlebar approximately two inches, and then re-tighten the throttle. Use a utility knife or a hacksaw to cut off the very end of the throttle grip and throttle tube. (Figure 1).

**2** Using a round file, de-bur the inside edge of the throttle tube. Loosen the throttle tube and slide it off of the handlebar. Use a rag to clean any plastic or rubber shavings out of the inside of the throttle tube.

**3** Slide the throttle assembly back on the handlebar, leaving about 1/8" of handlebar sticking out of the throttle tube (Figure 2), and re-tighten the throttle assembly.

**WARNING: MAKE SURE THAT THE THROTTLE TURNS SMOOTHLY AND RETURNS TO THE CLOSED THROTTLE POSITION ON ITS OWN.**

If not remove the throttle assembly again and make sure there are no burrs or debris on the inside of the throttle tube. Repeat step 3 until the throttle operates smoothly and returns on its own.

**4** Use a utility knife to cut off the very end of the clutch side grip.

**5** Insert the EE Handlebar End Inserts into both sides of the handlebar.

**6** Using a 5 mm Allen wrench, tighten the inserts. (Figure 3)

### WARNING AND DISCLAIMER

All parts manufactured, designed or sold by Enduro Engineering, Inc. (EEI) are to be installed by a licensed motorcycle dealer or a licensed motorcycle technician. Motorcycles can be dangerous. Serious injury, death and property damage can result from the use of motorcycles. This risk is increased by improper installation or misuse of after market parts. EEI's customers must exercise good judgment in the use, control, alteration, part selection and installation, and maintenance of their motorcycles. In the event of a possible defect in material or design, or any other defect in a part manufactured, designed or sold by EEI, the responsibility of EEI is limited to either a refund of the purchase price or the replacement of the part if EEI determines the part to be defective, and subject to EEI's inspection of the part within thirty (30) days from the date of purchase. (Note: any attempted repairs or modifications made to EEI products will void this limited warranty). EEI, under no circumstances will be responsible for incidental and/or consequential damages, property damage, personal injury damage, or damage, injury, cost or expense of any kind or nature whatsoever. By purchasing an EEI product or a product sold by EEI, you (1) acknowledge the above disclaimer and agree to its terms; (2) agree that any claim brought against EEI arising from and/or pertaining to or otherwise related to a part manufactured, designed or sold by EEI must be brought in the Michigan State Courts located in the County of Ingham or in the Federal District Court for the Western District of Michigan and that Michigan law shall apply on all issues; and (3) any claim against EEI must be brought within one (1) year of purchase of the product. EEI makes no other warranty, express or implied, including without limitation any warranties of merchantability and fitness for a particular purpose. R.JRF.Sec.randt. warninganddisclaimer.5 2 08
